Research Interests: Image Processing, Computer Vision, Eye tracking, Machine Learning (Deep Learning), Human Computer Interaction

EDUCATION

Ph.D. student, Chester F. Carlson Center for Imaging Science — **2016 – Present**
Rochester Institute of Technology — Rochester, New York
Area of Focus: Eye Tracking Methodology (Image Processing and Machine Learning)
Relevant Courses: Image Processing and Computer Vision, Deep Learning for Vision, AI explorations, Multiview Geometry, Human Visual System, Bayesian Statistics for Machine Learning

Bachelor of Engineering (B.E.), Electronics and Communication Engineering, Pulchowk Campus, I.O.E., Tribhuvan University — **2010 – 2014**
Kathmandu, Nepal
(University Rank: 1st 85.47%) [Engineering Stream]
Thesis: Teleoperation of Mobile Robotic Arm Through Imitation of Human Arms Movement

WORK EXPERIENCE

Multidisciplinary Vision Research Laboratory, RIT. **Rochester, New York**
Research Assistant, **Advisor: Dr. Jeff Pelz** June 2017 – Present

- Developing methods and algorithms for improving the precision and accuracy of eye-trackers.
- Incorporating traditional eye tracking approaches with recent artificial intelligent techniques.
- Contributions: Study of feasibility of Iris Features-based Gaze estimation; RITnet (State-of-the-art) Eye Segmentation, RIT-Eyes (Synthetic Rendering Dataset)

Chester F. Carlson Center for Imaging Science, RIT **Rochester, New York**
Teaching Assistant (Courses: Vision and Psychophysics, Linear Methods of Imaging) Aug 2016-May 2017

Samsung India Electronics Pvt. Ltd (SIEL, Nepal branch) **Kathmandu, Nepal**
Senior Engineer (Smart phones performance testing and validation (METI team)) Nov 2014-July 2016

- My contribution in Q1'2016 was recognized with a performance award.

SKILLS

Programming Languages	**Python,** Matlab, C, C++
Packages	**PyTorch, TensorFlow, Scikit-Learn, OpenCV,** VisualSFM
Eye Trackers	Pupil Labs eye trackers, custom eye trackers using mirrorless cameras
Miscellaneous	Arduino, Robotics, Github, Circuit design tools (Kicad, Proteus), photography (iris)

SCHOLARSHIPS, AND AWARDS

Professional Achievement

2016 **Performance Award in recognition of High Performance for Q1'2016**, Samsung (SIEL)

Academic Achievement

2019 **Prof. F.N.Trofimenkoff academic achievement award,** a prestigious award given to one student each year by Department of Electronics and Computer Engineering, Pulchowk Campus, IOE (DoECE) for academic success during undergraduate studies.

2019 **Winner of Facebook OpenEDS competition.** Our model is memory efficient and achieves the state-of-the-art results on the 2019 OpenEDS Semantic Segmentation challenge.

2015 **NCell Excellence Award,** an award for being the overall topper of DoECE

2010/14 **University Rank 1st (Engineering Stream),** Rank First in All Bachelor's Degree programs of I.O.E. Tribhuvan University.

2014 **NCell Scholarship Award,** Third-year topper of DoECE

2010 **Nepal Board Topper,** Scored the highest score in the country in Higher Secondary Education Board (12th grade) Science faculty.

Merit Scholarship

2016- **RIT Ph.D. Scholarship/Assistantship,** Financial Support for Ph.D. studies at RIT.

2010/14 **College Fellowship,** Awarded for outstanding academic performance in each semester of Bachelor of Engineering by I.O.E., Pulchowk Campus.

2010/14 **Full Academic Scholarship, a**warded to pursue B.E. at I.O.E, Pulchowk Campus based on nationwide competitive examination.

Activities and Leadership

2014 **Coordinator, LOCUS 2014 (Technological Event)**

- Coordinated and organized the 11th national technological festival- the biggest technological festival of the country for DoECE and Department of Electrical Engineering.

2013/14 **Secretary, Amateur Radio Club,** A licensed Ham-Radio Operator

2013 **Team Member, ABU Robocon 2013, Vietnam**

- Integral part of the hardware team (designing and building circuit boards) for the both manual and automatic robot that represented Nepal in the Asia-Pacific Broadcasting Union (ABU) Robocon 2013, Vietnam.

2013 **Secretary, Electronics Club**

- Organized crash course to freshmen regarding Electronics circuits and helped to launch the first magazine of Electronics Club 'Graphene'.

2018 **IdeaLab -** Presented TUBBLE, an engaging Toy for Active Kids.

2014 **Child App Competition**

- Presented a social interacting app 'Beautiful Minds' for autistic children and was one of the finalists of the Child App Competition. It was organized by Microsoft Innovation Center (Nepal) and UNICEF Nepal.

Miscellaneous

[Poster.3] **RITnet: Real-time Semantic Segmentation of the Eye for Gaze tracking**

- ICCV 2019, Workshop on Eye Tracking for VR and AR

[Poster.2] **Motion Tracking of Iris Features for Eye Tracking.**

- In 2019 Symposium on Eye Tracking Research and Applications (ETRA'19)

[Poster.1] **Motion Tracking of Iris Features to Detect Small Eye Movements.**

- Graduate Showcase, RIT, 2018

[Talk.1] **RITnet: Real-time Semantic Segmentation of the Eye for Gaze tracking.**

- Invited talk, in ICCV 2019, Workshop on Eye Tracking for VR and AR.

[Reviwer.2] **Eye Tracking Research and Applications (ETRA).**

[Reviwer.1] **Journal of Eye Movement Research (JEMR).**

[Judge.1] **Judge, LOCUS 2016 (Technological Event)**

- Represented SIEL, Nepal branch as one of the main judges of the event Samsung Galaxy App Quest conducted to promote application development in Nepal.
